

Ear Cushions – TriStar		Plantronics Part
	<p>EAR CUSHION - SMALL BELLTIP (PAIR)</p> <ul style="list-style-type: none"> • Suits the small belltip on TriStar • For optimum performance and hygiene reasons, replace every six months 	29955-05
	<p>EAR CUSHION - LARGE BELLTIP (PAIR)</p> <ul style="list-style-type: none"> • Suits the large belltip on TriStar • For optimum performance and hygiene reasons, replace every six months 	29955-06
	<p>EARBUD - SOFTTIP (SMALL)</p> <ul style="list-style-type: none"> • User selects most comfortable and secure fit • For optimum performance and hygiene reasons, replace every six months 	29955-01
	<p>EARBUD - SOFTTIP (LARGE)</p> <ul style="list-style-type: none"> • User selects most comfortable and secure fit • For optimum performance and hygiene reasons, replace every six months 	29955-02
	<p>EARBUD –BELLTIP W/CUSHION (SMALL)</p> <ul style="list-style-type: none"> • User selects most comfortable and secure fit • For optimum performance and hygiene reasons, replace every six months 	29955-03
	<p>EARBUD – BELLTIP W/CUSHION (LARGE)</p> <ul style="list-style-type: none"> • User selects most comfortable and secure fit • For optimum performance and hygiene reasons, replace every six months 	29955-04

Ear Cushions – TriStar		Plantronics Part
	<p>EARBUD – PACK W/CUSHIONS (1 OF EACH)</p> <ul style="list-style-type: none"> • Contains one of each of the earbuds that fit the TriStar • User selects most comfortable and secure fit • For optimum performance and hygiene reasons, replace every six months 	<p>29955-07</p>
	<p>TRISTAR STABILISER CUSHION</p> <ul style="list-style-type: none"> • Slips over the TriStar earloop to provide additional comfort and stability • For optimum performance and hygiene reasons, replace every six months 	<p>41307-01</p>
Ear Cushions – DuoSet		Plantronics Part
	<p>EARLOOP - DUOSET</p> <ul style="list-style-type: none"> • Enables on-ear wearing for the DuoSet headset 	<p>45651-01</p>
	<p>EAR CUSHION ASSEMBLY, CUSHION RINGSET</p> <ul style="list-style-type: none"> • Fits over DuoSet speaker to allow an ear cushion to be fitted for over-head wearing 	<p>43299-01</p>
	<p>PIVOT BALL RING - DUOSET</p> <ul style="list-style-type: none"> • Fits over DuoSet speaker to allow connection of earloop for on-ear wearing 	<p>45650-01</p>
	<p>EAR CUSHION, FOAM – DUOSET</p> <ul style="list-style-type: none"> • For optimum performance and hygiene reasons, replace every six months 	<p>43937-01</p>

Ear Cushions – DuoSet (cont)		Plantronics Part
	<p>EAR CUSHION – LEATHERETTE (DUOSET)</p> <ul style="list-style-type: none"> • For optimum performance and hygiene reasons, replace every six months • Increases perceived loudness by two noticeable steps (6dB) 	46167-01
Ear Cushions – DuoPro		Plantronics Part
	<p>EAR CUSHION, FOAM – DUOPRO</p> <ul style="list-style-type: none"> • For optimum performance and hygiene reasons, replace every six months 	60967-01
	<p>EARLOOP – DUOPRO</p> <ul style="list-style-type: none"> • Enables on-ear wearing for the DuoPro headset 	60965-01
Voice Tubes		Plantronics Part
	<p>FOAM WINDSCREEN</p> <ul style="list-style-type: none"> • Suits Supra noise cancelling headsets only • Helps reduce noise created by wind or breath 	24316-01
	<p>BACKGROUND NOISE SUPPRESSOR</p> <ul style="list-style-type: none"> • Suits voice tube headsets only • Provides a basic level on noise cancelling by making a voice tube mono-directional 	10757-00
	<p>VOICE TUBE</p> <ul style="list-style-type: none"> • Suits Mirage and Supra headsets only • For optimum performance and hygiene reasons, replace every six months 	17593-01

Voice Tubes (cont)	Plantronics Part	
	<p>VOICE TUBE, ORANGE</p> <p>VOICE TUBE, PINK</p> <p>VOICE TUBE, GREEN</p> <p>VOICE TUBE, PURPLE</p> <p>VOICE TUBE, BLUE</p> <ul style="list-style-type: none"> • Suits Mirage and Supra headsets only • For optimum performance and hygiene reasons, replace every six months • Customise according to fashion or personal taste • Designate particular projects or business areas • Identify new recruits, supervisors and trainers • Identify headsets that have had voice tubes replaced with last six months 	<p>17593-20</p> <p>17593-30</p> <p>17593-40</p> <p>17593-50</p> <p>17593-60</p>
	<p>VOICE TUBE, RAINBOW 6 PACK</p> <ul style="list-style-type: none"> • Suits Mirage and Supra headsets only • Contains one of each coloured voice tubes plus a standard clear voice tube • For optimum performance and hygiene reasons, replace every six months • Customise according to fashion or personal taste • Designate particular projects or business areas • Identify new recruits, supervisors and trainers • Identify headsets that have had voice tubes replaced with last six months 	<p>17593-70</p>

Voice Tubes (cont)	Plantronics Part	
	<p>VOICE TUBE</p> <ul style="list-style-type: none"> Suits TriStar, Encore, DuoSet, DuoPro and SupraPlus headsets For optimum performance and hygiene reasons, replace every six months 	<p>29960-01</p>
	<p>VOICE TUBE, ORANGE VOICE TUBE, PINK VOICE TUBE, GREEN VOICE TUBE, PURPLE VOICE TUBE, BLUE</p> <ul style="list-style-type: none"> Suits TriStar, Encore, DuoSet, DuoPro and SupraPlus headsets For optimum performance and hygiene reasons, replace every six months Customise according to fashion or personal taste Designate particular projects or business areas Identify new recruits, supervisors and trainers Identify headsets that have had voice tubes replaced with last six months 	<p>29960-20 29960-30 29960-40 29960-50 29960-60</p>
	<p>VOICE TUBE, RAINBOW 6 PACK</p> <ul style="list-style-type: none"> Suits TriStar, Encore, DuoSet, DuoPro and SupraPlus headsets Contains one of each coloured voice tubes plus a standard clear voice tube For optimum performance and hygiene reasons, replace every six months See list of benefits above 	<p>29960-70</p>

Headbands		Plantronics Part
	<p>HEADBAND TENSIONER</p> <ul style="list-style-type: none"> • Suits Supra headsets only • Provide better stability for more petite heads • Increase comfort for people with thinning hair 	17876-02
	<p>HEADBAND COVER</p> <ul style="list-style-type: none"> • Suits Supra headsets only • Increase wearing comfort 	40717-01
	<p>SUPRA MONAURAL HEADBAND</p> <ul style="list-style-type: none"> • Suits Supra monaural headsets only • Replace headband if reissuing headset to new staff 	17590-03
	<p>SUPRA BINAURAL HEADBAND</p> <ul style="list-style-type: none"> • Suits Supra binaural headsets only • Replace headband if reissuing headset to new staff 	18015-01
	<p>ENCORE MONAURAL HEADBAND</p> <ul style="list-style-type: none"> • Suits Encore monaural headsets only • Replace headband if reissuing headset to new staff 	29896-01
	<p>DUOSET ADJUSTABLE HEADBAND</p> <ul style="list-style-type: none"> • Suits DuoSet headsets only • Enables on-head wearing for the DuoSet headset • Replace headband if reissuing headset to new staff 	43298-01

Headbands (cont)		Plantronics Part
	<p>DUOPRO HEADBAND</p> <ul style="list-style-type: none"> • Suits DuoPro headsets only • Enables on-head wearing for the DuoPro headset • Replace headband if reissuing headset to new staff 	60966-01
	<p>DUOPRO / DUOSET NECKBAND</p> <ul style="list-style-type: none"> • Suits DuoSet and DuoPro headsets only • Enables behind-head wearing for the DuoPro and DuoSet headsets • Replace neckband if reissuing headset to new staff 	62800-01
Cables		Plantronics Part
	<p>CABLE QD-DUAL 3.5mm STEREO PLUGS</p> <ul style="list-style-type: none"> • Provides connection to audio devices with 3.5mm microphone and speaker sockets (eg the sound card of a PC) 	28959-01
	<p>CABLE QD-SINGLE 3.5mm STEREO PLUG</p> <ul style="list-style-type: none"> • Provides connection to audio devices with a single 3.5mm audio socket for microphone and speaker 	40845-01
	<p>CABLE STRAIGHT 18", QD-2.5mm AUDIO</p> <ul style="list-style-type: none"> • Provides connection to audio devices with a single 2.5mm audio socket for microphone and speaker (eg the 2.5mm socket of a cordless or mobile phone) • Only special RF hardened headsets should be connected to mobile phones & DECT cordless headsets – SHS1788, H61N/A and H101N/A 	43038-01
Cables (cont)		Plantronics Part

	<p>EXTENSION CABLE (VISTA / POLARIS)</p> <ul style="list-style-type: none"> Provides an additional 3 metres length to an existing headset. 	<p>40703-01</p>
	<p>LIGHTWEIGHT EXTENSION CABLE</p> <ul style="list-style-type: none"> Provides an additional 3 metres length to an existing headset without adding as much weight as the standard extension cable 	<p>40711-01</p>
	<p>LIGHTWEIGHT VISTA CABLE</p> <ul style="list-style-type: none"> A lightweight alternative to the standard cable supplied with Plantronics amplifiers, acoustic limiters and acoustic shock protection devices Allows connection of H or P series headsets to specific telephones (refer to compatibility section) 	<p>40702-01</p>
	<p>POLARIS II CABLE ASSY QD-RJ</p> <ul style="list-style-type: none"> Standard cable supplied with Plantronics P series headsets Used in conjunction with H series headsets for connection to specific telephones (refer to compatibility section) 	<p>27190-01</p>
	<p>POLARIS II REVERSED CABLE ASSY QD-RJ</p> <ul style="list-style-type: none"> Reverse polarity to the standard cable supplied with Plantronics P series headsets. Required to connect P series headsets to specific telephones (refer to compatibility section) 	<p>27190-RA</p>

Cables (cont)		Plantronics Part
	<p>VISTA CABLE ASSY QD – AMP</p> <ul style="list-style-type: none"> • Standard cable supplied with Plantronics amplifiers, acoustic limiters and acoustic shock protection devices • Allows connection of H or P series headsets to specific telephones (refer to compatibility section) 	26716-01
	<p>Y CONNECTOR</p> <ul style="list-style-type: none"> • Standard training adaptor • Allows both trainer and trainee to listen to a call • Allows trainer to swap transmit control between trainer and trainee 	27019-03
Miscellaneous		Plantronics Part
	<p>B10 HEADSET HANDSET SWITCH BOX</p> <ul style="list-style-type: none"> • Low cost alternative to BiWay II Switch • Where compatible, allows use of both headset and handset on telephones without a headset port • Not suited for use with amplified cables (eg the Nortel A10-12 or Avaya HIC and HIP cables) Use only the BiWay II Switch with these products 	Non Plantronics
	<p>B10 SWITCH BOX & P CABLE COMBINATION</p> <ul style="list-style-type: none"> • Low cost, alternative to BiWay II Switch combined with a standard Polaris II cable • Where compatible, allows use of both headset and handset on telephones without a headset port • Not suited for use with amplified cables (eg the Nortel A10-12 or Avaya HIC and HIP cables) Use only the BiWay II Switch with these products 	Non Plantronics
Miscellaneous (cont)		Plantronics Part

	<p>BIWAY II SWITCH</p> <ul style="list-style-type: none"> • Where compatible, allows use of both headset and handset on telephones without a headset port • Provides headset stand to promote headset care • Must be used with amplified cables (A10-12, Avaya HIC & HIP Cables) 	<p>34286-03</p>
	<p>MUTE SWITCH</p> <ul style="list-style-type: none"> • Sits between headset QD and cable QD • Provides mute function for direct connect solutions • Provides accessible mute function when using extensions cables 	<p>27708-01</p>
	<p>QDIPTT SWITCH (QD INLINE PUSH TO TALK)</p> <ul style="list-style-type: none"> • Sits between headset QD and cable QD • Transmits speech only when switch is depressed • Suits applications that are predominately listening (eg students participating in multi-party calls for remote learning) 	<p>65860-01</p>
	<p>ST37 TRAINING ADAPTOR</p> <ul style="list-style-type: none"> • Low cost, non-Plantronics alternative to Y connector • Splits single RJ socket into twin RJ sockets • Allows both trainer and trainee to listen to a call • Trainer requires headset and cable, not just headset as they would with a Y connector 	<p>Non Plantronics</p>

M12 Connectors	Plantronics Part	
	<p>STUB CABLE RJ – SLIMLINE K PLUG</p> <ul style="list-style-type: none"> Required to connect amplifiers, acoustic limiters and acoustic shock protection devices to specific telephones (refer to compatibility section) 	<p>33144-01</p>
	<p>STUB CABLE RJ – Q PLUG (LEMO)</p> <ul style="list-style-type: none"> Required to connect amplifiers, acoustic limiters and acoustic shock protection devices to specific telephones (refer to compatibility section) Multiple wiring configurations are available, standard solution suits most current applications 	<p>32169-02</p>
	<p>STUB CABLE RJ – RJ</p> <ul style="list-style-type: none"> Standard stub cable supplied with Plantronics amplifiers, acoustic limiters and acoustic shock protection devices 	<p>26718-01</p>
	<p>STUB CABLE RJ – T PLUG (BT)</p> <ul style="list-style-type: none"> Required to connect amplifiers, acoustic limiters and acoustic shock protection devices to specific telephones (refer to compatibility section) Multiple wiring configurations are available, standard solution suits most current applications 	<p>26718-TP</p>
	<p>STUB CABLE RJ – U PLUG (BT)</p> <ul style="list-style-type: none"> Required to connect amplifiers, acoustic limiters and acoustic shock protection devices to specific telephones (refer to compatibility section) Multiple wiring configurations are available, standard solution suits most current applications 	<p>26718-UP</p>

M12 Miscellaneous		Plantronics Part
	BATTERY / SECURITY COVER M10 / M10S <ul style="list-style-type: none"> • Replacement battery and security cover for M10 	26609-01
	BATTERY / SECURITY COVER M12 / M12S / M12E <ul style="list-style-type: none"> • Replacement battery and security cover for M12 	26609-02
	POWERPACK FOR M10 / M12 / M12S / M12E <ul style="list-style-type: none"> • AC/DC Power pack for M12 amplifier • 7.5V 500mA 2.1mm Centre Positive • Stops amplifiers going into power saving sleep mode 	Non Plantronics
	POWERPACK FOR MX10 <ul style="list-style-type: none"> • AC/DC Power pack for MX10 amplifier • 7.5V 200mA 2.1mm Centre Positive 	Non Plantronics
	POWERPACK FOR M10 S12 <ul style="list-style-type: none"> • AC/DC Power pack for S12 headset system • 9V 300mA 1.35mm Centre Positive • Stops headset system going into power saving sleep mode 	Non Plantronics
